Subject: RE: Extension to 112r Expedited Settlement Agreement for JCI Tacoma

Thanks Kelly. My plan is to get this information out to you by the end of this week as I am traveling all of next week.

Take care.

Tim Gaffney

Subject: Extension to 112r Expedited Settlement Agreement for JCI Tacoma

Tim,

Based on our conversation today, and at your request, EPA is extending the Expedited Settlement Agreement (sent to Jeffrey Jones on January 12, 2005) 45 days. This extension is granted so that JCI Jones can submit additional documentation to EPA to support those portions of the Risk Management Program that were found deficient in the January ESA. Please submit this additional information to EPA (Attn: Kelly Huynh) at the address below no later than March 1, 2005. Two weeks should be sufficient as you indicated during our conversation today that the documentation has already been gathered.

The EPA enforcement team will review the documentation and inform you of any changes. The ESA will now expire on April 21, 2005.

Kelly Huynh
